

5 Prayers on everyday

1. The Family Prayer:

When the family is in trouble and the members are not interested in prayer or absent; one person's prayer can save the entire family. Read Acts 16:31

How to do the family prayer when the members are absent

(Extend your hands and imagine that all your family members are with you in spirit and are kneeling down under your extended hands)

Lord Jesus, help me to love and respect my family members especially the life partner in a way they want me to love and respect them. And let them love and respect me the way in which I want them to love and respect me. Fill us with your Holy Spirit and give us your unity and peace among the members. I also pray to you, O Lord, fulfill all my intentions that I have placed before you for each of my family members.

Then pray the chaplet of Divine Mercy for the fulfillment of these intentions.
